Terms of Reference (ToR) for Recruitment of Short-Term Expert (STE)	
Title of Assignment:	<b>Assess and identify good practices on Investment Advocacy and Marketing, and build the capacity of Member States and business officials</b>
Reference no.:	TOR .....
Activity Code:	
Responsible SADC SPO:	Mario Lironel, SPO Finance and Investment, SIBE Task Manager, Directorate Finance, Investment and Customs
Date of issue:	16 March 2023
1. Background	
1.1 Background SADC	<p>The Southern African Development Community (SADC) was formed in 1980 as the “Southern African Development Co-operation Conference” (SADCC) by nine of the current Member States. On 17 August 1992 in Windhoek, Namibia, the SADCC was transformed into SADC with the signing of the SADC Declaration and Treaty. SADC currently has 16 Member States: Angola, Botswana, Comoros, Democratic Republic of Congo, Eswatini, Lesotho, Madagascar, Malawi, Mauritius, Mozambique, Namibia, Seychelles, South Africa, United Republic of Tanzania, Zambia and Zimbabwe. SADC has a combined population of approximately 380 million and a Gross Domestic Product (GDP) of more than 780 billion (2021).</p> <p>SADC has a long-term Vision of a regional community that has a common future and that will ensure social-economic well-being, improvement of the standards of living and quality of life, freedom and social justice and peace and security for the people of Southern Africa, as enshrined in the Treaty. In particular, by 2050, SADC envisions a peaceful, inclusive, middle to high income industrialised region, where all citizens enjoy sustainable economic well-being, justice and freedom. This SADC Vision 2050 is expressed in three Pillars: Industrial Development and Market Integration; Infrastructure Development in Support of Regional Integration; and Social and Human Capital Development, and built on a firm foundation of Peace, Security and Good Governance.</p> <p>The Treaty aims are implemented through agreements including Protocols that are legally binding international agreements committing</p>

	<p>the Member States to the objectives and specific procedures stated within them. Currently, SADC has a number of Protocols, including the Protocol on Finance and Investment (2006); the Protocol on Trade (1996); the Protocol on Mining (1997); the Protocol on Trade in Services (2012); and the Protocol on Industry (2019).</p> <p>Through these protocols, SADC envisages to eliminate barriers to intra SADC trade, eliminate import and export duties, quantitative restrictions on exports and imports and all other non-tariff barriers to trade, and remove any obstacles to the free movement of labour, goods and services.</p> <p>In particular, the Finance and Investment Protocol intends to increase cooperation, coordination and management of macroeconomic, monetary and fiscal policies and establishment of macroeconomic stability as a precondition to sustainable economic growth and for the creation of a monetary union in the Region. This would be achieved through coordination amongst central banks on investments and exchange controls, harmonization of legal and operational frameworks, facilitation of regional foreign direct investments, cooperation in regional and capital markets and establishment of a regional clearing and settlement system amongst others. The Protocol on Finance and Investment is an important regional investment facilitation tool as it provides investors with the ability to, among other things, consider tax regimes in making their investment decisions.</p> <p>There are additional strategic documents that guide SADC's activities towards regional integration including the Regional Indicative Strategic Development Plan (RISDP 2020-2030) which is underpinned by the SADC vision 2050, and set out the strategic objectives to be accomplished and the foundation of the integration.</p> <p>The RISDP outlines the need for promoting the development of sound investment policies in Member States, to improve the investment climate and enhance the levels of intra-SADC and foreign direct investment in the region. This objective is supported by a similar objective aimed at enhancing cooperation in taxation and related matters, including tax information sharing; capacity building for Tax Administrations; and to develop common approaches and policies to the application and treatment of tax incentives and negotiation of tax agreements. This is in recognition that investors, among other things, consider tax regimes in making their investment decisions. The RISDP also highlights the enhancement of monetary cooperation to reform the SADC banking system and harmonization of banking regulatory frameworks. Furthermore, development and strengthening of the</p>

	<p>financial and capital markets are critical to facilitate free movement of capital and mobilization of financial resources for the promotion of growth and development in the region.</p> <p>The Community is supported by the SADC Secretariat that is located in Gaborone, Botswana. SADC is a consensus-based organisation, and the Secretariat is the principal executive institution of SADC. For further information see <a href="http://www.SADC.int">www.SADC.int</a>.</p>
<p>1.2 Background - SIBE Programme</p>	<p>The Support to Improving Investment and Business Environment (SIBE) Programme is a five-year Programme, implemented by the Finance, Investment and Customs (FIC) Directorate and financed to the tune of €14 million by the EU under the 11th European Development Fund (EDF). Financing Agreement and the Contribution Agreement were signed in June 2019 and August 2019, respectively. The Programme will be implemented over a period of 55 months from the date of signature of the Agreements. The Programme is implemented by the SADC Secretariat and covers all the 16 SADC Countries.</p> <p><b>The overall objective</b> of the Programme is to achieve sustainable and inclusive growth and support job creation through the transformation of the region into a SADC investment zone and promoting intra-regional investment and Foreign Direct Investment (FDI) in the SADC region, in particular for Small and Medium Enterprises (SMEs).</p> <p><b>The specific objective</b> of the SIBE Programme is to develop the region into a SADC investment zone, promoting intra-regional investment and FDI in the SADC region, in particular for SMEs.</p> <p>The Programme focuses its support on the following Results Areas (RAs):</p> <p><b>RA1 - An enabling investment policy framework across SADC Member States is supported</b></p> <p>This result area covers the following main activities:</p> <ul style="list-style-type: none"> <li>i. Set-up a dialogue at regional level on improving investment and business environment in SADC;</li> <li>ii. Provide ad-hoc support to Member States in developing structured public-private dialogue mechanisms for improving investment and business environment in SADC;</li> <li>iii. Harmonise SADC Member States' investment and business environment related laws and regulations; and</li> <li>iv. Enhance the SADC Tax regime in support of a conducive investment and business environment.</li> </ul>

	<p><b>RA2 - Enhanced integration of financial markets in the SADC region is promoted</b></p> <p>Under this Result area, the programme will assist in:</p> <ul style="list-style-type: none"> <li>i. Developing financial markets in the SADC region</li> <li>ii. Developing policies and strategies to address risks to financial stability at regional and national levels; and</li> <li>iii. Strengthening SADC Real Time Gross Settlement System (SADC-RTGS), Committee of Insurance, Securities and Non-Banking Authorities (CISNA), Committee of SADC Stock Exchanges (CoSSE), the SADC Committee of Central Bank Governors (CCBG) and the SADC Banking Association (SADC BA).</li> </ul> <p><b>RA3 - Enhanced financial inclusion is supported</b></p> <p>This Result Area focuses on developing proper and specific action plans aimed at reducing costs of remittances and developing financial products for SMEs. In particular, SIBE will support the following main activities:</p> <ul style="list-style-type: none"> <li>i. Develop and implement Financial Inclusion Strategies;</li> <li>ii. Identify key financial inclusion regulatory areas for harmonisation and capacity building; and</li> <li>iii. Monitor Status of and Progress on Financial Inclusion in the Region.</li> </ul> <p>The Programme management structure is composed of a Task Manager, the Senior Programme Officer – Finance and Investment under the operational oversight and guidance of the Director of Finance, Investment and Customs (FIC).</p> <p>The SADC Secretariat has contracted a consortium composed of FinMark Trust, GFA Consulting Group and Southern Africa Trust, under a Service Contract for a Technical Assistance including the provision of one Long Term Expert to coordinate and manage the implementation of activities across the 3 result areas; and a pool of Long and Short-Term Experts.</p> <p>The Terms of Reference (ToRs) are a request for the provision of consultancy services to the SIBE Programme to carry out an assignment on: <b>“Assess and identify good practices on Investment Advocacy and Marketing, and build the capacity of Member States and business officials”</b>.</p>
<p>1.3 Background - this Assignment</p>	<p>Establishing a conducive environment for domestic and foreign investment is recognised as a major tool for sustainable growth, development, and poverty reduction in the region.</p> <p>To this end, the SADC Protocol on Finance and Investment (FIP)</p>

	<p>specifically calls for an investment policy strategy to accompany the regional integration objectives of SADC. It requires Member States to co-ordinate their investment regimes and co-operate to create a favourable investment climate within the region. Annex I of the Protocol, on Co-operation on Investment, further refers to the need for harmonisation of investment regimes with the objective of developing the region into an investment zone.</p> <p>According to UNCTAD 2022 World Investment report, FDI to Southern Africa jumped to US\$42 billion due to a large corporate reconfiguration in South Africa. New project announcements included a US\$ 4.6 billion clean energy project finance deal sponsored by Hive Energy (United Kingdom) and a US\$1 billion greenfield project by Vantage Data Centers (United States), with its first African campus. Despite the overall positive FDI trend on the continent, total greenfield announcements remained depressed, at US\$39 billion, showing only a modest recovery from the low of US\$32 billion in 2020 (down from US\$77 billion in 2019).</p> <p>Attracting FDI and intra SADC investment has been placed at the core of the SADC developmental integration agenda. SADC recognizes that to improve the levels of investment in the region there is need for creation of a favourable investment climate that is responsive to the needs of the investors and the private sector whilst remaining competitive.</p> <p>The focus on advocacy and marketing comes with the recognition that in today's integrated global economy, retaining and expanding investment depend on simplifying services and speeding up and coordinating processes. Indeed, in many cases, the bottlenecks, inefficiencies, and uncertainties that investment facilitation seeks to address arise from unnecessary red tape, bureaucratic overlap, or out-of-date procedures that become costly impediments to investment.</p> <p>The issue of Investment Advocacy and Marketing has developed an increasingly high profile among policymakers, academics, and international governmental organizations over the past decades.</p> <p>Under the Support to Improving the Investment and Business Environment in the SADC Region – SIBE Programme, the SADC Secretariat will enhance the capacity of Member States to better manage FDI and domestic investments in the context of creating and maintaining an enabling business environment and enhancing investment marketing strategies.</p>
